Chair and CEO's Foreword

Ann Allen
Chair

Jim MacDonald
Chief Executive

Architecture and Design Scotland is a small organisation with a big vision – a well-designed built environment that supports sustainable, resilient communities meeting the needs of all.

But we cannot achieve that on our own – we work with a whole range of people that help shape the places around us. In 2018 we continued to grow our networks – through the work we did and by making new contacts in communities.

The benefits of that work in 2018 are clear: rather than duplicating work that is already being done we join the dots, share our experience and provide support.

Our experience and networks allow us to bring organisations together to create the best places for Scotland – everything from housing and early years' experiences to meanwhile spaces and significant infrastructure investments.

Next year we will be adopting a 10-year vision for the organisation which will allow us to continue our work which contributes and assists with delivery of the Scottish Government's National Performance Framework outcomes.

PERFORMANCE REPORT

YEAR ENDED 31 MARCH 2019

PERFORMANCE REPORT

Overview

Our Performance Report for 2018/19 was measured against our Corporate Business Plan and our three-year strategy. Both these documents can be found at www.ads.org.uk/about-ads/corporate-documents/

About Architecture & Design Scotland

Our purpose is to promote the value good architecture and sustainable design adds to everyone's lives. Our role is to help people – whether by enabling them to get more involved in shaping the places they live in or improving the design of the buildings they use. Well-designed buildings and places make the very best use of our resources and create places that help people and communities to flourish.

Through our work we help to implement the policies of the Scottish Government, and while we have involvement across a number of policy areas, our principal policy focus is on implementing Creating Places, Scotland's Policy for Architecture and Place.

This report has been presented in accordance with the requirements of Section 414 of the Companies Act 2006. The company's independent auditor is required by law to report on whether the information given in the Performance Report is consistent with the Accounts. The auditor's opinion is included in the Auditor's Report on pages 29 to 31.

Statutory Background

Architecture and Design Scotland is an Executive Non-Departmental Public Body of the Scottish Government. We were established in 2005 to promote good architecture and sustainable design, our work supports the delivery of the Scottish Government's objectives and outcomes.

Our Vision

Architecture and Design Scotland play a key part in delivering a wide range of buildings and places including many schools, health facilities, town centres and regeneration schemes. We support communities to shape the places that matter to them and we work with decision makers to create resilient, sustainable places across Scotland.

Organisational Structure

The Chief Executive and Management Team support a team of 20 employees based in two offices, Edinburgh and Glasgow, and report to the Board which is made up of a Chair, Deputy Chair and ordinary Board Members.

Financial Summary

We received a Grant in Aid transfer from Scottish Government of £1,760,000. Our expenditure was £1,249,000 on people costs and £617,000 operating costs.

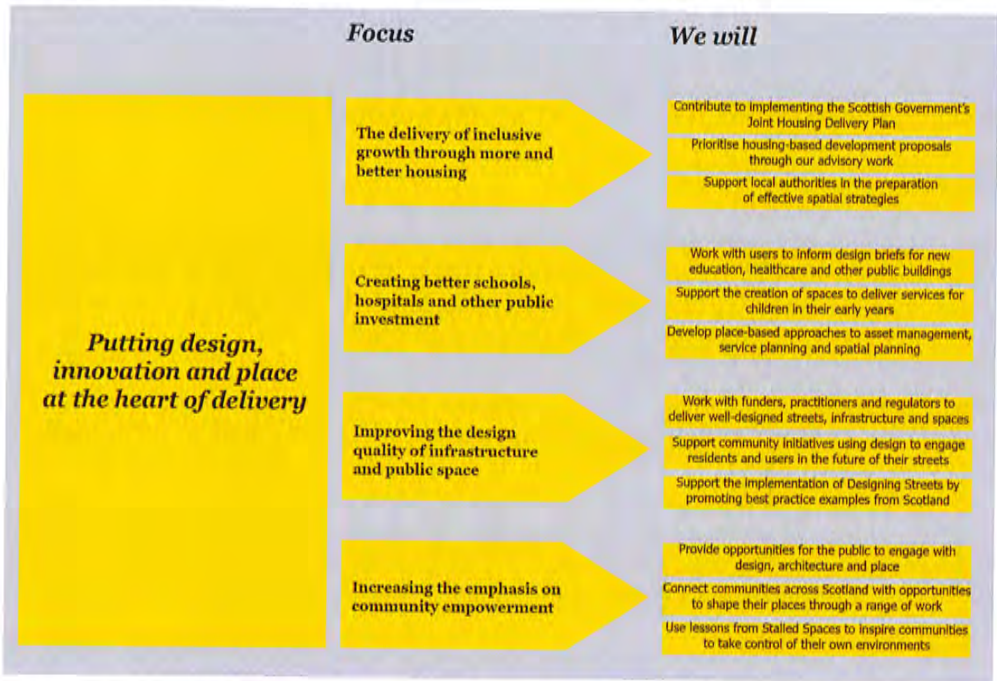

Key Strategic Objectives, Issues and Risks

The Board of Architecture and Design Scotland sets the strategic focus areas for the organisation in collaboration with the Chief Executive.

**ARCHITECTURE AND DESIGN SCOTLAND
COMPANY LIMITED BY GUARANTEE**

**PERFORMANCE REPORT
YEAR ENDED 31 MARCH 2019**

There are four focus areas:

These focus areas provide the context for our performance framework and the Balanced Scorecard reporting metrics are detailed on page 6.

The Audit Committee has responsibilities for risk and governance. This Committee recommends the appointment of our internal auditors and receives our internal audit reports and Annual Report and Accounts.

The key strategic risks identified for Architecture and Design Scotland in-year were to monitor and review progress on delivery of our focus areas. To ensure this overarching risk is on track, the Business Plan is reviewed on an annual basis. This ensures that projects are aligned to ensure delivery of the longer-term focus areas. We are moving to a 10-year over-arching strategy from 2021 to ensure the longer-term ambitions are monitored and realised. The corporate risks monitored in year included cybercrime prevention, ensuring best value of our core grant through delivery of projects and recruitment of new chair and board members.

Performance Analysis

Strategic Objectives

We promote Scottish architecture, design and placemaking nationally and internationally. We improve the learning outcomes for our children and the health outcomes for our people. We involve communities in the decisions that affect their places and we demonstrate how everyone benefits from a well-designed built environment. We work collaboratively across a wide range of sectors, helping our partners to address complex issues and ensure the widest range of needs are considered.

PERFORMANCE REPORT

YEAR ENDED 31 MARCH 2019

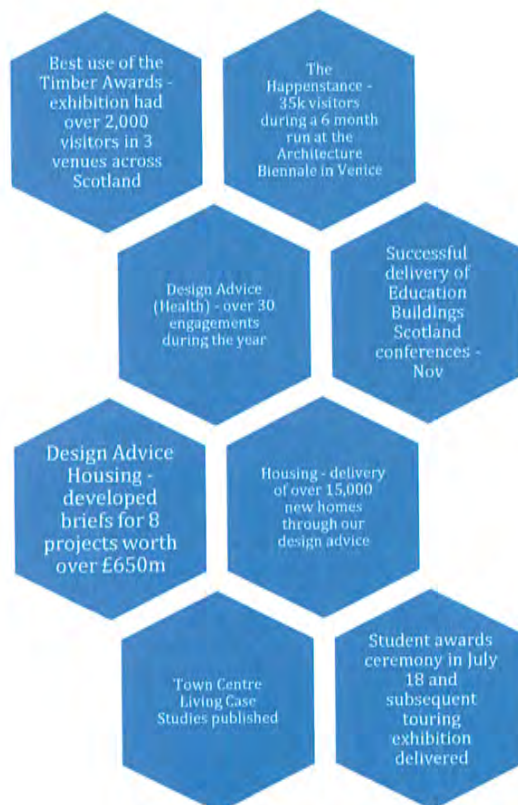

This helps create buildings and places which are resilient and sustainable because the needs of those who use them informs how they are designed. Our work helps tackle inequality, empowers our communities, supports wellbeing and encourages inclusive growth. In addition, by working with our partners, we support innovative processes and solutions that contribute to improvements in the way we deliver services to communities throughout Scotland.

Our work is guided by the priorities of the Scottish Government as set out in the National Performance Framework, the Programme for Government and established policies. The National Performance Framework provides a clear vision for Scotland, with broad measures of national wellbeing covering a range of economic, health, social and environmental indicators and targets, and a set of outcomes for the public sector to work towards.

The Programme for Government focuses on an education system providing opportunities for all, an economy with more jobs and fair work, public services fit for the future, empowering people and communities through strengthened local democracy and safeguarding Scotland's place in the world. Specific aspects of this programme that will shape our work over the next three years.

Our Priorities for 2018/19

Our activities for 2018/19 are outlined in our Business Plan, available to download from our website www.ads.org.uk.

Measuring our Performance

We have introduced a Balanced Scorecard (BSC) to complement our performance reporting.

The areas measured and reviewed are:

Financial Management

In 2018/19 we received:

- **£1,760,490 Grant in Aid** transfer from Scottish Government (2017/18: £1,772,000);
- **£11,188 other income** (2017/18: £96,846).

Net expenditure for the year was £1,855,496, which was funded by Grant in Aid (£1,760,490) and the use of reserves (£95,006) as agreed with Scottish Government.

The income above includes adjustments for the release of income deferred from prior periods and the deferral of income relating to future periods.

PERFORMANCE REPORT

YEAR ENDED 31 MARCH 2019

Procurement

We have policies and procedures in place for the procurement of all goods and services. We review our policy and procedures regularly to ensure that the policy and procedures respond to user feedback, changes in legislation, Government requirements and wider corporate policy.

Our procurement policy has six key priorities:

- Support for our core business;
- Compliance with legislation;
- Transparency, fairness and accountability;
- Achieving value for money;
- Raising the level of procurement knowledge, skills and expertise;
- Maximising access to Collaborative Contracts available via the contracts strategy directory.

Environmental Matters

We are working to support the Scottish Government in its environmental objectives by developing new methods of delivering our services which embrace the use of technology and as a result will help to reduce our carbon footprint.

Further information is available within the Sustainability Report on pages 9 to 12.

Social and Community Relations

We value positive social and community relations and work to foster these in a range of ways, including providing placements for school pupils and working with other businesses located close to our offices in the Canongate, off the Royal Mile in Edinburgh. Architecture and Design Scotland regularly hosts other agency and community events in our premises free of charge. We are also currently developing plans that will allow our existing outdoor space to be used by primary schools within the area as an additional area for outdoor learning.

Freedom of Information

The Freedom of Information (Scotland) Act, which came into full force in January 2005, means members of the public can make a request to see information held by Architecture and Design Scotland. In 2018/19 we received and responded to five Freedom of Information requests.

Data Loss

There were no incidents reported to the Information Commissioner in the year 2018/19.

Future Developments

Throughout 2019/20 we will continue to deliver work that responds to our areas of focus outlined in our Corporate Strategy.

We will be introducing a new 10-year Corporate Strategy in 2021, and work on this has already begun in early 2019.

We have secured additional funding from Scottish Government's Energy & Climate Change Directorate to help deliver Scotland's Climate Change Plan.

The built environment is identified as a significant source of emissions related to climate change.

**ARCHITECTURE AND DESIGN SCOTLAND
COMPANY LIMITED BY GUARANTEE**

**PERFORMANCE REPORT
YEAR ENDED 31 MARCH 2019**

These emissions are associated directly with the energy consumption of buildings, street-lighting and non-active transport modes as well as indirectly through the demand for goods and services to support these.

While technical solutions exist and are developing, e.g. increased energy efficiency of buildings, low/zero carbon energy sources; there is evidence that action is needed at a larger scale to support low carbon forms of development/settlement planning if we are to meet the aims of the climate change plan and address the causes of global warming. We will be recruiting three new staff members in early 2019/20 to support this initial twelve month project.

We will also be assisting Scottish Government with its Housing to 2040 (Ht2040) Exhibition to deliver a unique exhibition and activities on housing and home-related themes to complement the public consultation on the future of housing to 2040.

Financial Overview

The results for the year to 31 March 2019 are contained in the attached Accounts, prepared in accordance with the 2018/19 Government Financial Reporting Manual (FReM) and in the form directed by the Scottish Ministers, taking cognisance of the Scottish Public Finance Manual.

The FReM requires that the company should comply with the Companies Act, but, as a Non-Departmental Public Body, also follow the principles in the FReM (for example, in preparing a Remuneration Report) where these go beyond the Companies Act. The accounting policies explain the basis on which the Accounts are prepared and transactions are recognised.

The resource budget allocation for 2018/19 comprised a Grant in Aid provision of £1,760,490.

Risk and Uncertainty

We recognise the importance of effective risk management and work hard to identify and manage risks to our business. The principal means by which we do this is through our Strategic Risk Register. This Register is prepared by the Corporate Services Manager, reviewed monthly by the Management Team and presented to the Audit Committee every three months. Audit Committee then reports to Board on Risk and it is a standing item on the quarterly Board Meeting Agenda.

Key risks identified in-year included:

- Cybercrime attacks;
- Failure to recruit a new Chair and Board recruitment;
- Failure to manage budgets;
- Failure to implement a new IT system;
- Loss of funding;
- Loss of reputation or stakeholder backing.

Mitigations were put in place to manage risks and are monitored monthly by the Management Team and updated accordingly in year as appropriate or necessary.

Results

The trading results for the year and the company's financial position at the end of the year are shown in the attached Accounts. The company's main income is Grant in Aid from the Scottish Government.

The company aims to be in a break-even position at each year end on a cash income/spend basis. The Accounts are prepared on an accruals basis in accordance with accounting standards. Since the company commenced trading it has generated reserves of £143,224 as at 31 March 2019 (31 March 2018: £238,230).

PERFORMANCE REPORT

YEAR ENDED 31 MARCH 2019

This represents the timing of work performed by Architecture and Design Scotland which cuts over multiple financial years. Scottish Government are fully aware and supportive.

The Directors are satisfied with the results for the year.

Going Concern

As at 31 March 2019, Architecture and Design Scotland's balance sheet had net assets of £143,224 (31 March 2018: £238,230). The Directors are confident that the relationship with the Scottish Government is such that the company will have sufficient funding for the foreseeable future. Accordingly, it is appropriate to prepare the Accounts on a going concern basis.

Supplier Payment Policy

It is our policy to agree terms of payment when orders for goods and services are placed and to adhere to these arrangements. In addition, where possible, it is our policy to comply with the Scottish Government's Prompt Payment Commitment of making payment of authorised invoices within ten days. In the year to 31 March 2019, 97% of authorised purchase invoices were paid within ten days (31 March 2018 – 95%).

Non-Financial Information Including Anti-Corruption and Anti-Bribery Matters

We report on matters of anti-corruption and anti-bribery in a quarterly governance statement from the Chief Executive to the Audit Committee. All policies are kept under review and align with Scottish Government's guidance.

Sustainability Report

The Scottish Government expects all public bodies in Scotland, including Non-Departmental Public Bodies such as Architecture and Design Scotland, to report on sustainability alongside their Annual Reports and Accounts. The information provided below conforms to the public sector sustainability reporting guidance produced by the Scottish Government. Although this is non-mandatory, Architecture and Design Scotland will strive to meet this expectation over the coming years.

Architecture and Design Scotland recognises the importance of environmental issues and sustainability and therefore endeavours to consider these matters in all of our business decisions. Architecture and Design Scotland recognises the importance of sustainability, supporting the national outcomes to "value and enjoy our built and natural environment and protect it and enhance it for future generations" and to "reduce the local and global environmental impact of our consumption and production". Architecture and Design Scotland endeavours to consider these matters in all of our business decisions.

Architecture and Design Scotland occupies offices in Edinburgh and Glasgow. The office in Glasgow is situated in The Lighthouse building and is occupied on a serviced accommodation basis from Glasgow City Council (GCC). As The Lighthouse building is part of a larger estate owned by GCC, it has not been possible to disaggregate the data for sustainability reporting within Architecture and Design Scotland, thus the data in this report in relation to buildings only relates to the Edinburgh office at Bakehouse Close.

Summary of Performance 2018/19

During the last twelve months we have continued to use the systems set up in 2012/13 to collect information which will allow us to measure and benchmark current performance in terms of energy usage and business travel. This will assist us in setting targets and monitoring greenhouse gas emissions and costs over the forthcoming years.

Office Supplies and Publications

We already actively encourage electronic communication in place of paper. Where a hard copy is required, we use recycled stationery and print double sided to decrease paper usage. The majority of output in terms of reports and publications is produced electronically only with our website being the main distribution channel. A monthly electronic newsletter keeps our supporters up to date with our activities.

Travel - Business Travel and Commuting

All employees are encouraged to reduce the carbon footprint by Green Travel such as utilising the Bike to Work Scheme and travelling by public transport. Flexible working hours allow staff to fit travel around train and bus times.

Waste

Paper, cardboard, cans, plastics and glass waste is sent for recycling. Special arrangements are made to recycle any obsolete computer equipment and furniture.

An Architecture and Design Scotland policy has been developed to ensure catering for events is provided by companies who have a sustainability policy and provide food packaging that, as far as possible, is compostable and is free from plastic.

One of our Board appointments is a specialist in the **circular economy** – this is an industrial system in which the potential use of goods and materials is optimised and their elements returned to the system at the end of their viable life cycles. Supply chain sustainability and product life cycle sustainability are integral to the **circular economy**. We will be developing this concept with our new Board Member to determine how Architecture and Design Scotland can contribute.

Business Travel

The expenditure on travel is largely affected by where our project work is located. In 2017/18 travel costs were higher than 2018/19 due to projects located in Venice and the Scottish Islands.

Sustainable Procurement

Architecture and Design Scotland uses Scottish Government procurement framework contracts. The Scottish Government framework is committed to sustainable procurement and the sustainability strategy. Architecture and Design Scotland pays climate change levies to EDF Energy for electricity and to Total Gas & Power for gas.

Corporate Governance Report

The requirements of the Directors' Report are set out in Chapter 5 of Part 15 of the Companies Act 2006 and Schedule 7 of SI 2008 No 410, and in the Remuneration and Staff Report, as set out in Chapter 6 of the Companies Act 2006 and SI 2013 No 1981.

Directors' Report

Introduction

The Directors present their Report and the Accounts of the company for the year ended 31 March 2019.

The Accounts have been prepared in a form directed by the Scottish Ministers in accordance with the Government Financial Reporting Manual (FRoM) and fulfil the requirements of the Companies Act 2006.

In accordance with section 414(c)(11) of the Companies Act 2006, Architecture and Design Scotland has chosen to include the Review of Business Performance in the Strategic Report which would otherwise be included in the Directors' Report.

Organisational Excellence

We want to deliver the best possible service to our stakeholders.

We achieve this by understanding our strengths, by having strong leadership and motivated employees, by having confidence in our ability and by ensuring we have the correct systems and processes in place.

Company Status

Architecture and Design Scotland is an Executive Non-Departmental Public Body (NDPB) sponsored directly by the Scottish Government, whose purpose is to champion good architecture, design and planning in the built environment. Architecture and Design Scotland is a company limited by guarantee and registered in Scotland - Company Registration Number SC267870. The sole members are the Scottish Ministers.

Scottish Ministers appoint the Chair, Chief Executive and non-executive Directors of Architecture and Design Scotland.

The Board is responsible for the overall direction and strategy of Architecture and Design Scotland. There is a formal policy of delegated authority, which includes matters specifically reserved to the Board for decision. All non-executive Directors are independent.

Ministerial Responsibility

The Minister with responsibility for Architecture and Design Scotland is Fiona Hyslop MSP, Cabinet Secretary for Culture, Tourism and External Affairs.

Relevant Directors' Interests

Details of Directors' interests are given in **Note 14 Related Parties**. No Board Members held any significant interests that conflicted with their responsibilities.

The Board, chaired by Karen Anderson/Ann Allen, met 10 times during the year.

Conflicts of Interest Procedures

Architecture and Design Scotland has developed procedures to deal with potential conflicts of interest and provided training for Directors. The procedures include each Board Member providing a Register of Interests on appointment and advising of updates as and when they occur. In addition, Declarations of Interest is a standard item on the Agenda for all Board Meetings.

Management Team

The Management Team comprises the Chief Executive, Director of Operations, Director of Design, Director of Place and the Corporate Services Manager. This group is responsible for supporting the day to day running of the organisation.

Specifically, the Management Team is responsible for:

- Signing off project plans for activities within the approved Business Plan;
- Agreeing amendments to the allocation of operational budgets; and
- Initiating new projects additional to the approved Business Plan.

Currently, these roles and responsibilities are supported by the Management Statement and Financial Memorandum (2008) and a Scheme of Delegated Responsibility (2012). In addition, the Board was supported by three sub-committees, namely Audit Committee, Communications Group and Planning & Consultations Group. Each of these worked to Terms of Reference approved by the Board.

**ARCHITECTURE AND DESIGN SCOTLAND
COMPANY LIMITED BY GUARANTEE**

**ACCOUNTABILITY REPORT
YEAR ENDED 31 MARCH 2019**

The business is framed by a three-year Corporate Strategy supported by annual Business Plans, progress against which is reported to the Board. These reports separately describe the business undertaken as set out in the Business Plan and, in parallel, the management and expenditure of budgets.

In addition, a Corporate Risk Register and a Strategic Risk Register are established and reported to the Audit Committee quarterly.

Audit Committee

The Audit Committee oversees the strategic process for risk management, internal control, corporate governance and statutory financial obligations. The committee is chaired by a non-executive Director and is comprised of a minimum of four, and a maximum of five, non-executive Directors of Architecture and Design Scotland. To ensure the meeting is quorate, a minimum of three committee members is required to be present at a meeting.

The committee meets quarterly and works to Terms of Reference setting out its authority agreed by the Board. Internal auditors and external auditors are invited to the Audit Committee meetings.

The Audit Committee continues to review corporate and strategic risks in line with our Risk Policy. This includes quarterly updates on risk appetite, assurance definitions and inherent and residual risk.

A contract extension of two years was agreed to the terms of the internal auditor's contract.

Political and Charitable Donations

The company made no political or charitable donations during the year.

Taxation Status

As an Executive NDPB sponsored directly by the Scottish Government, the Directors are of the opinion that the company's activities do not constitute a trade for Corporation Tax purposes and therefore consider that the company will not be subject to Corporation Tax.

Auditor and Disclosure of Information to Auditor

As a non-profit making public sector company, which carries out functions of a public nature in terms of section 483(2) of the Companies Act 2006, under the Companies Act 2006 (Scottish public sector companies to be audited by the Auditor General for Scotland Order 2009), the Scottish Ministers have determined that the Accounts of the company shall be audited by the Auditor General for Scotland. The Auditor General for Scotland has appointed Audit Scotland to undertake the audit for the year ended 31 March 2019.

The Directors who held office at the date of approval of this Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware, and each Director has taken all steps that he/she ought to have taken as a Director to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Statement of Accountable Officer's Responsibilities

The Directors and Accountable Officer are responsible for preparing the Annual Report and Accounts in accordance with applicable law and regulations.

Company law requires the Directors to prepare Accounts for each financial year. As required by the Accounts Direction applicable for the year issued by the Scottish Ministers they are required to prepare the Accounts in accordance with IFRSs as adopted by the EU and applicable law and have elected to prepare the Accounts on the same basis.

Under company law the Directors must not approve the Accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of its surplus or deficit for that period. In preparing the Accounts, the Directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether they have been prepared in accordance with IFRSs as adopted by the EU and the Accounts Direction applicable to the year issued by the Scottish Ministers; and
- Prepare the Accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its Accounts comply with the Companies Act 2006 and the Accounts Direction applicable to the year issued by the Scottish Ministers. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of Accounts may differ from legislation in other jurisdictions.

Disclosure of Relevant Audit Information

As Accountable Officer, I am not aware of any relevant audit information of which our auditors are unaware. I have taken all necessary steps to ensure that I myself am aware of any relevant audit information and to establish that the auditors are also aware of this information.

Accounts Direction

The Accounts have been prepared in accordance with a direction given by the Scottish Ministers in pursuance of Section 19(4) of the Public Finance and Accountability (Scotland) Act 2000.

The Statement of Accounts shall comply with the accounting principles and disclosure requirements of the edition of the Government Financial Reporting Manual (FReM) which is in force for the year for which the Statement of Accounts are prepared.

The Accounts shall be prepared so as to give a true and fair view of the income and expenditure and cash flows for the financial year, and of the state of affairs as at the end of the financial year.

This direction is shown as an appendix to these Accounts on page 44.

Governance Statement

Introduction

This statement has been prepared by me as Accountable Officer for Architecture and Design Scotland as part of the Accounts required under the terms of the Scottish Public Finance Manual (SPFM).

The statement, for which I am personally responsible, covers the accounting period 2018/19 and additionally the period up to the date of signature. It sets out Architecture and Design Scotland's governance procedures and how it implements these. The statement is informed by work undertaken throughout the period relating to performance and risk management and, on this basis, provides useful information relating to the organisation's approach to risk and its responses to identified and emerging risks.

Scope

Effective governance is about more than clarity of role and process, important though both of these are. To be truly effective a governance framework must support the business in question and those responsible for delivering it. In addition, it must encourage accountability and promote a positive culture where everyone in the organisation is empowered.

This statement therefore outlines both the procedural aspects of our governance and the methods by which these operate.

In particular, the statement:

- Sets out the governance framework of Architecture and Design Scotland;
- Explains the operation of the framework during the period in question;
- Provides an assessment of our corporate governance and its compliance with generally accepted best practice principles and relevant guidance;
- Offers an assessment of our risk management arrangements; and
- Details any significant lapses of data security.

Preparation

The preparation of the statement has been informed by the work of our Audit Committee on the corporate performance management and staff performance reviews and follow up items from the previous year; the Head of Internal Audit's Annual Opinion stated that we have reasonable and effective risk management, control and governance processes are in place.

The Governance Framework of Architecture and Design Scotland

Architecture and Design Scotland is an Executive Non-Departmental Public Body of the Scottish Government and is a company limited by guarantee under the Companies Act 2006. Its remit and responsibility is set out by the Management Statement prepared by the Scottish Government's Planning and Architecture Division. This statement effectively sets out the scope of our activities on behalf of Scottish Ministers.

The organisation's work is overseen by a Board appointed by the Scottish Ministers. At 31 March 2019 the Board was made up of a Chair, Deputy Chair and nine ordinary Board Members. The Board's role is to ensure that Architecture and Design Scotland fulfils the aims and objectives set by the Scottish Ministers and to promote the efficient and effective use of staff and other resources.

Specifically, the Board:

- Sets the overall strategic direction of Architecture and Design Scotland within the policy, planning and resources framework determined by the Scottish Ministers;

YEAR ENDED 31 MARCH 2019**

- Ensures that any statutory or administrative requirements for the use of public funds falling within the stewardship of Architecture and Design Scotland are complied with;
- Demonstrates high standards of corporate governance at all times;
- Provides commitment and leadership in the development and promotion of Best Value principles throughout the organisation; and
- Appoints, with the approval of the Scottish Ministers, Architecture and Design Scotland's Chief Executive, following appropriate approval of the Chief Executive's remuneration package in line with Scottish Government [Pay Policy for Senior Appointments](#) and, in consultation with the Scottish Government, sets appropriate performance objectives which give due weight to the proper management and use of resources within the stewardship of Architecture and Design Scotland and the delivery of outcomes.

The Chief Executive is the designated Accountable Officer and is personally responsible for safeguarding the public funds for which he has charge, ensuring propriety and regularity in the handling of those public funds and managing the day-to-day operations and management of Architecture and Design Scotland.

Specifically, the Chief Executive as Accountable Officer is required to:

- Establish Architecture and Design Scotland's corporate and business plans in the light of the Scottish Ministers' wider strategic aims;
- Establish a robust performance management framework which supports the achievement of Architecture and Design Scotland's aims and objectives as set out in those plans;
- Ensure full performance reporting to the Board, the sponsor Directorate and the wider public;
- Inform the sponsor Directorate of Architecture and Design Scotland's progress in helping to achieve the Scottish Ministers' policy objectives and in demonstrating how resources are being used to achieve those objectives;
- Ensure that timely forecasts and monitoring information on performance and finance are provided to the sponsor Directorate and that any issues are notified to the sponsor Directorate in a timely fashion;
- Advise the Board on the discharge of its responsibilities;
- Advise the Board on Architecture and Design Scotland's performance compared with its aims and objectives;
- Ensure that financial considerations are taken fully into account by the Board at all stages in reaching and executing its decisions;
- Take action if the Board, or the Chair, is contemplating a course of action involving a transaction which the Chief Executive considers would infringe the requirements of propriety or regularity or does not represent prudent or economical administration or efficiency or effectiveness;
- Ensure that a system of risk management is embedded in the organisation;
- Ensure that an effective system of programme and project management and contract management is maintained;
- Ensure that the funds made available to Architecture and Design Scotland are used for the purpose intended by the Parliament, and that such monies, together with Architecture and Design Scotland's assets, equipment and staff, are used economically, efficiently and effectively;
- Ensure that adequate internal management and financial controls are maintained by Architecture and Design Scotland, including effective measures against fraud and theft;
- Maintain a comprehensive system of internal delegated authorities which are notified to all staff, together with a system for regularly reviewing compliance with these delegations;
- Ensure that effective human resource management policies are maintained and that strategic human resource planning is related to Architecture and Design Scotland's objectives;

ACCOUNTABILITY REPORT

YEAR ENDED 31 MARCH 2019

- Sign the Accounts and be responsible for ensuring that proper records are kept relating to the Accounts and that the Accounts are properly prepared and presented in accordance with any directions issued by the Scottish Ministers;
- Sign a Statement of Accountable Officer's Responsibilities, for inclusion in the Annual Report and Accounts;
- Prepare a Governance Statement regarding Architecture and Design Scotland's system of internal control, for inclusion in the Annual Report and Accounts;
- Sign a Certificate of Assurance on the maintenance and review of Architecture and Design Scotland's internal control systems;
- Ensure that an effective complaints procedure is in place including, where applicable, reference to the Scottish Public Services Ombudsman and made widely known;
- Give evidence when summoned before Committees of the Scottish Parliament on the use and stewardship of public funds by Architecture and Design Scotland;
- Ensure that an effective Freedom of Information mechanism is in place for prompt and accurate reporting.

As Accountable Officer, I have overall responsibility for reviewing and maintaining effective internal controls and risk management arrangements for the organisation. This responsibility was assigned to me by the Scottish Ministers. The following processes provide me reasonable assurance:

- An assurance framework established in accordance with the Scottish Public Finance Manual which provides assurance from employees who are responsible for developing, implementing and maintaining internal controls across their delegated areas;
- The work of the internal auditors, which is directed through an internal audit plan agreed by the Audit Committee and focuses on identified control risk areas. The internal auditors submit reports on the adequacy and effectiveness of the organisation's systems of internal control together with recommendations for improvement;
- Quarterly reviews by the Audit Committee of the organisation's corporate risk register in assessing the effectiveness of risk management arrangements;
- Comments made by the external auditors in their management letters and other reports;
- Performance reporting, risk reporting and balanced scorecard measuring on a quarterly basis;
- Reporting from projects and corporate services via monthly management team.

Internal Audit

TIAA, our internal auditors, aim to add value to the work we do by ensuring their Annual Audit Report provides a summary of the audit work done in the year together with clear judgements and conclusions on how well we have discharged our responsibilities and demonstrated the effectiveness of our arrangements.

TIAA carried out nine days of internal audit on the following topics:

- Assurance Report of Corporate Performance;
- Assurance Report of Staff Performance Reviews;
- Follow up audit from previous recommendations.

All recommendations were considered by the Management Team and implemented where appropriate by the organisation to improve systems and processes.

Where it is appropriate the internal auditors will recommend actions that support continuous improvement and summarise areas of good practice identified from their audit work.

The Operation of the Framework

During the period in question (April 2018 to March 2019) the Board met 10 times, of these six were formal meetings where papers were presented and decisions reached, while the remainder was a mixture of strategy discussions and visits to relevant practice across Scotland. The Audit Committee met four times.

Notably during this time, the Board and its Sub-Committees:

- Approved the Annual Report and Accounts for 2017/18;
- Reviewed the 2018/19 Business Plan;
- Approved the Business Plan for 2019/20;
- Approved the budget for 2019/20;
- Reviewed sickness absence figures;
- Approved the internal audit plan;
- Reviewed Strategic and Corporate Risks;
- Reviewed GDPR requirements;
- Reviewed Corporate Strategy.

The Management Team met 13 times during the same period.

Role of Audit Committee

Audit Committee's responsibilities include:

- Report in writing to the Board after each Audit meeting;
- Acting on behalf of the Board, in overseeing the finalisation of the Accounts and the Statement on Internal Control, summarising its conclusions from the work internal audit has done during the year;
- Establish and review the strategic processes for risk, control and governance and the Statement on Internal Control;
- Reviewing accounting policies, the Accounts, and the Annual Report of the organisation, including the process for review of the Accounts prior to submission for audit, levels of error identified, and management's letter of representation to the external auditors;
- Overseeing the planned activity and results of both internal and external audit;
- Reviewing the adequacy of management response to issues identified by audit activity, including external audit's management letter/report;
- Providing assurances relating to the corporate governance requirements for the organisation;
- Providing assurances for tendering proposals for internal or external audit services or for purchase of non-audit services from contractors who provide audit services; and
- Reviewing anti-fraud policies, whistle-blowing processes, and arrangements for special investigations.

The Audit Committee can:

- Co-opt additional members for a period not exceeding a year to provide specialist skills, knowledge and experience; and
- procure specialist ad-hoc advice at the expense of the organisation, subject to budgets agreed by Board or Accountable Officer.

Assessment of Corporate Governance

Based on a review of best practice and feedback from Board and staff, I am satisfied that our corporate governance arrangements are satisfactory. The roles of key elements (Board, Chief Executive, Management Team) are clear and understood. Decision making within the organisation is clearly set out and supported by guidance.

Assessment of Risk Management

Management of risk continued to develop effectively. The Risk Registers provided the basis for a uniform approach to risk management across the organisation supported by routine reporting and review.

Both Audit Committee and Board review risk on a quarterly basis. Management Team consider project and operational risk on a monthly basis.

Data Security Issues

During the year in question, there were no significant data security issues encountered.

Conclusion

Architecture and Design Scotland's governance arrangements have continued to develop during the period in question. Building on work undertaken in previous periods, improvements have been made to the management and reporting of risk, the management of our finances and the control and reporting of our business.

On this basis, I am satisfied that the governance of the organisation is adequately addressed through the implementation of the framework described and that it is operating satisfactorily.

Remuneration and Staff Report

Remuneration Report

This report has been prepared in light of the relevant guidance set out in the Financial Reporting Manual prepared by the Treasury.

Chair and Non-Executive Directors

The Chair and Board Members (Directors) of Architecture and Design Scotland are public appointments made by Scottish Ministers under the procedures set by the Office of the Commissioner for Public Appointments. The appointments were for a period of four or five years from 1 April 2014. The remuneration of Directors, and any agreed annual increase, is set by the Scottish Ministers and is not pensionable.

The previous Chair was due to complete her eight year term on 31 March 2018, but was appointed for a further six months to 30 September 2018 by the Public Appointments Team when the first recruitment round failed to appoint a successor. A second recruitment process took place in June 2018 to recruit a new Chair who was appointed with effect from 1 October 2018.

Two Board Members terms of office expired on 31 March 2018 and an additional three Board Members were formally appointed on 1 June 2018. Five Board Members terms of office expired on 31 March 2019 and an additional four Board Members were formally appointed on 15 April 2019.

Chief Executive

The salary of the Company Secretary/Chief Executive is set by Scottish Ministers and any increase is dependent upon performance which is assessed by the Chair of Architecture and Design Scotland using a system of annual appraisal. Any salary increase must be agreed by Scottish Ministers. This post is pensionable under Civil Service pension arrangements.

Service Contracts

All appointments to Architecture and Design Scotland are based upon merit and on the basis of fair and open competition. Permanent members of staff hold contracts of employment which have been developed in line with best practice. Notice periods are a maximum of three months with the majority being one month. No contract provides for additional sums payable in the event of termination of employment other than would normally be expected to be included in line with best practice. Any increase is dependent upon performance which is assessed using a system of annual appraisal.

There are no early termination payment clauses within the contracts.

There were no severances in the year 2018/19.

Remuneration and Appointments

Due to the company's NDPB status, remuneration is reviewed annually through an exercise carried out with the Scottish Government Finance and Pay Policy Unit; this is in accordance with government guidelines with regard to public sector pay. No benefits in kind were paid to the Chair or non-executive Directors.

Appointments are carried out in line with employment legislation, with the exception of the Chief Executive and non-executive Directors' positions, which are carried out within the guidelines for senior public sector appointments process.

Salary and Allowances

Salary includes gross salary but not employer's pension contributions. There were no payments in respect of performance pay or bonuses during the year.

Architecture and Design Scotland offers employees the opportunity to participate in salary sacrifice schemes such as the Bike to Work Scheme, Childcare Vouchers Scheme and Travel Season Ticket loans.

Civil Service Pensions

Pension benefits are provided through the Civil Service pension arrangements. From 1 April 2015 a new pension scheme for civil servants was introduced – the Civil Servants and Others Pension Scheme or **alpha**, which provides benefits on a career average basis with a normal pension age equal to the member's State Pension Ages. From that date all newly appointed civil servants and the majority of those already in service joined **alpha**. Prior to that date, civil servants participated in the Principal Civil Service Pension Scheme (PCSPS). The PCSPS has four sections: 3 providing benefits on a final salary basis (**classic, premium or classic plus**) with a normal pension age of 60; and one providing benefits on a whole career basis (**nuvos**) with a normal pension age of 65.

These statutory arrangements are unfunded with the cost of benefits met by monies voted by Parliament each year. Pensions payable under **classic, premium, classic plus, nuvos** and **alpha** are increased annually in line with Pensions Increase Legislation. Existing members of the PCSPS who were within 10 years of their normal pension age on 1 April 2012 remained in the PCSPS after 1 April 2015. Those who were between 10 years and 13 years and 5 months from their normal pension age on 1 April 2012 will switch into **alpha** sometime between 1 June 2015 and 1 February 2022. All members who switch to **alpha** have their PCSPS benefits 'banked', with those with earlier benefits in one of the final salary sections of the PCSPS having those benefits based on their final salary when they leave **alpha**. (The pension figures quoted for officials show pension earned in PCSPS or **alpha** – as appropriate. Where the official has benefits in both the PCSPS and **alpha** the figure quoted is the combined value of their benefits in the two schemes.) Members joining from October 2002 may opt for either the appropriate defined benefit arrangement or a 'money purchase' stakeholder pension with an employer contribution (**partnership** pension account).

Employee contributions are salary-related and range between 3% and 8.05% of pensionable earnings for members of **classic** (and members of **alpha** who were members of **classic** immediately before joining **alpha**) and between 4.6% and 8.05% for members of **premium, classic plus, nuvos** and all other members of **alpha**.

Benefits in **classic** accrue at the rate of 1/80th of final pensionable earnings for each year of service. In addition, a lump sum equivalent to three years initial pension is payable on retirement. For **premium**, benefits accrue at the rate of 1/60th of final pensionable earnings for each year of service. Unlike **classic**, there is no automatic lump sum. **Classic plus** is essentially a hybrid with benefits for service before 1 October 2002 calculated broadly as per **classic** and benefits for service from October 2002 worked out as in **premium**. In **nuvos** a member builds up a pension based on his pensionable earnings during their period of scheme membership. At the end of the scheme year (31 March) the member's earned pension account is credited with 2.3% of their pensionable earnings in that scheme year and the accrued pension is uprated in line with Pensions Increase Legislation. Benefits in **alpha** build up in a similar way to **nuvos**, except that the accrual rate is 2.32%. In all cases members may opt to give up (commute) pension for a lump sum up to the limits set by the Finance Act 2004.

The **partnership** pension account is a stakeholder pension arrangement. The employer makes a basic contribution of between 8% and 14.75% (depending on the age of the member) into a stakeholder pension product chosen by the employee from a panel of providers. The employee does not have to contribute, but where they do make contributions, the employer will match these up to a limit of 3% of pensionable salary (in addition to the employer's basic contribution). Employers also contribute a further 0.5% of pensionable salary to cover the cost of centrally-provided risk benefit cover (death in service and ill health retirement).

ACCOUNTABILITY REPORT

YEAR ENDED 31 MARCH 2019

The accrued pension quoted is the pension the member is entitled to receive when they reach pension age, or immediately on ceasing to be an active member of the scheme if they are already at or over pension age. Pension age is 60 for members of **classic**, **premium** and **classic plus**, 65 for members of **nuvos**, and the higher of 65 or State Pension Age for members of **alpha**.

(The pension figures quoted for officials show pension earned in PCSPS or alpha – as appropriate. Where the official has benefits in both the PCSPS and alpha the figure quoted is the combined value of their benefits in the two schemes, but note that part of that pension may be payable from different ages.)

Further details about the Civil Service pension arrangements can be found at the website

www.civilservicepensionscheme.org.uk

Cash Equivalent Transfer Values

A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member's accrued benefits and any contingent spouse's pension payable from the scheme. A CETV is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the benefits accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies.

The figures include the value of any pension benefit in another scheme or arrangement which the member has transferred to the Civil Service pension arrangements. They also include any additional pension benefit accrued to the member as a result of their buying additional pension benefits at their own cost. CETVs are worked out in accordance with The Occupational Pension Schemes (Transfer Values) (Amendment) Regulations 2008 and do not take account of any actual or potential reduction to benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are taken.

Real Increase in CETV

This reflects the increase in CETV that is funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

Compensation for Loss of Office

No employees left under compulsory early retirement terms in the year 2018/19 (2017/18: Nil).

Remuneration Relationships

Reporting bodies are required to disclose the relationship between the remuneration of the highest paid Director in their organisation and the median remuneration of the organisation's workforce.

The banded remuneration of the highest paid employee (Chief Executive) in the financial year 2018/19 was £75,000 - £80,000 (2017/18: £70,000 - £75,000). This was 2.01 times (2017/18: 1.80 times) the median remuneration of the workforce, which was £38,509 (2017/18: £40,185).

Total remuneration includes salary, non-consolidated performance-related pay and benefits in kind. It does not include severance payments, employer pension contributions and the cash equivalent transfer value of pensions.

Staff Report

Employees

Our employees are dedicated to ensuring Architecture and Design Scotland undertakes its role effectively and creatively.

We provide all employees with opportunities for advancement regardless of their age, sex, marital status, disability, race, ethnic origin, sexual orientation or religious beliefs. We also share information about company progress, achievement of objectives and developments affecting employees.

The gender balance of employees at 31 March 2019 is as follows:

	Male Employees 2018/19 No	Female Employees 2018/19 No	Male Employees 2017/18 No	Female Employees 2017/18 No
Directors	6	5	8	2
Senior Managers	1	0	1	0
Employees	8	16	9	16

The Principal Civil Service Pension Scheme (PCSPS) is an unfunded multi-employer defined benefit scheme. Architecture and Design Scotland makes contributions to PCSPS on behalf of employees but is unable to identify its share of the underlying assets and liabilities of the scheme. The contributions to the scheme have therefore been accounted for as if it were a defined contribution scheme and are charged to the income statement in the year in which they become payable. The scheme actuary last valued the scheme as at 31 March 2016. You can find details in the resource Accounts of the Cabinet Office: Civil Superannuation www.civilservicepensionscheme.org.uk

As the scheme is unfunded, although the actuary can determine a notional surplus or deficit within the whole scheme based on the Superannuation Contributions Adjusted for Past Experience approach, there is no actual deficit or surplus for the scheme as a whole. As such no disclosure about the deficit or surplus or the implications thereof has been made in the Accounts as normally required under IAS 19.

In 2018/19, employer's contributions of £183,470 (2017/18: £169,103) were payable to the PCSPS at one of four rates in the range 20.0% (2017/18: 20.0%) to 24.5% (2017/18: 24.5%) of pensionable pay, based on salary bands. The scheme's actuary reviews employer contributions usually every four years following a full scheme valuation. From 1 April 2019, the rates will be in the range 26.6% to 30.3%. The contribution rates are set to meet the cost of the benefits accruing during 2018/19 to be paid when the member retires and not the benefits paid during this period to existing pensioners.

Average Number of Persons Employed

The average number of persons employed during the year was as follows:

Directors (10 employed for 2 days per month, 1 for 4 days per month)	11	10
Permanent employees	25	25
Other staff (short term contract)	0	1

Employment of Disabled Persons

Applications for employment by disabled persons are given full and fair consideration for all vacancies in accordance with their particular aptitudes and abilities. In the event of employees becoming disabled, every effort is made to retain them and adjustments made to work and or facilities where reasonably practicable and as appropriate in order that their employment with the company can continue.

It is the policy of the company that training, career development and promotion opportunities should be available to all employees.

Sickness Absence

In the year to 31 March 2019 2.69% (2017/18: 1.57%) of working time was lost due to staff sickness absence. These figures exclude any long term absences.

Employee Involvement and Communication

Architecture and Design Scotland recognises that good communication is a key issue and is achieved through weekly updates by the Chief Executive and the cascade of briefings from management meetings to all staff.

We have members of staff who are Trade Union members.

We are in the process of developing a wellbeing and employee engagement strategy within Architecture and Design Scotland.

Diversity and Equality

We are committed to ensure diversity and equality for all employees and to have appropriate policies in place.

We are striving to achieve a 50/50 quota of gender balance on our Board by 2020.

Parliamentary Accountability

Architecture & Design Scotland is held to account by the Parliament through the Public Finance and Accountability (Scotland) Act 2000.

Our spending and use of resources are reported to our Sponsor Department (Planning and Architecture Department) within Scottish Government.

Audit Scotland appoint external auditors to Architecture & Design Scotland and has taken on the role as our external auditor from 1 April 2017 for a period of five years.

Report on the Audit of the Financial Statements

Opinion on Financial Statements

I have audited the financial statements in the annual report and accounts of Architecture and Design Scotland for the year ended 31 March 2019 under The Companies Act 2006 (Scottish public sector companies to be audited by the Auditor General for Scotland) Order 2008. The financial statements comprise the Statement of Comprehensive Net Expenditure, the Statement of Financial Position, the Statement of Cash Flows, the Statement of Changes in Taxpayers' Equity and notes to the financial statements, including a summary of accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union, and as interpreted and adapted by the 2018/19 Government Financial Reporting Manual (the 2018/19 FReM).

In my opinion the accompanying financial statements:

- give a true and fair view in accordance with the directions made under the Public Finance and Accountability (Scotland) Act 2000 of the state of affairs of the company as at 31 March 2019 and of the deficit for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2018/19 FReM; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and directions made under the Public Finance and Accountability (Scotland) Act 2000 by the Scottish Ministers.

Basis of Opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the Code of Audit Practice approved by the Auditor General for Scotland. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I was appointed by the Auditor General on 26 January 2018. The period of total uninterrupted appointment is 4 years. I am independent of the company in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to the company. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Conclusions Relating to Going Concern Basis of Accounting

I have nothing to report in respect of the following matters in relation to which the ISAs (UK) require me to report to you where:

- the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the company has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about its ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Risks of Material Misstatement

I have reported in a separate Annual Audit Report, which is available from the Audit Scotland website, the most significant assessed risks of material misstatement that I identified and my conclusions thereon.

Responsibilities of the Directors and Accountable Officer for the Financial Statements

As explained more fully in the Statement of the Directors' and Accountable Officer Responsibilities, the Directors and Accountable Officer are responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Directors and Accountable Officer determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Accountable Officer is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skilfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved. I therefore design and perform audit procedures which respond to the assessed risks of material misstatement due to fraud.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor's report.

Other Information in the Annual Report and Accounts

The Directors and Accountable Officer are responsible for the other information in the annual report and accounts. The other information comprises the information other than the financial statements, the audited part of the Remuneration and Staff Report, and my auditor's report thereon. My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon except on matters prescribed by the Auditor General for Scotland to the extent explicitly stated later in this report.

In connection with my audit of the financial statements, my responsibility is to read all the other information in the annual report and accounts and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Report on Regularity of Expenditure and Income

Opinion on Regularity

In my opinion in all material respects the expenditure and income in the financial statements were incurred or applied in accordance with any applicable enactments and guidance issued by the Scottish Ministers.

Responsibilities for Regularity

The Directors and Accountable Officer are responsible for ensuring the regularity of expenditure and income. I am responsible for expressing an opinion on the regularity of expenditure and income in accordance with the Public Finance and Accountability (Scotland) Act 2000.

Report on Other Requirements

Opinions on Matters Prescribed by the Auditor General for Scotland

In my opinion, the audited part of the Remuneration and Staff Report has been properly prepared in accordance with the Companies Act 2006 and directions made under the Public Finance and Accountability (Scotland) Act 2000 by the Scottish Ministers.

In my opinion, based on the work undertaken in the course of the audit:

- the information given in the Performance Report for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Companies Act 2006 and directions made under the Public Finance and Accountability (Scotland) Act 2000 by the Scottish Ministers; and
- the information given in the Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Companies Act 2006 and directions made under the Public Finance and Accountability (Scotland) Act 2000 by the Scottish Ministers.

Matters on Which I am Required to Report by Exception

I am required by the Auditor General for Scotland to report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration and Staff Report are not in agreement with the accounting records; or
- I have not received all the information and explanations I require for my audit.

I have nothing to report in respect of these matters.

Conclusions on Wider Scope Responsibilities

In addition to my responsibilities for the annual report and accounts, my conclusions on the wider scope responsibilities specified in the Code of Audit Practice are set out in my Annual Audit Report.

Notes to the Financial Statements

1. Statement of Accounting Policies

These Accounts have been prepared in accordance with the 2018/19 FReM issued by HM Treasury. The accounting policies contained in the FReM apply IFRS as adopted by the European Union and the Companies Act 2006 and as adapted or interpreted for the public sector context. Where the FReM permits a choice of accounting policy, the accounting policy which is judged to be most appropriate to the particular circumstances of Architecture and Design Scotland for the purpose of giving a true and fair view has been selected. The particular policies adopted by Architecture and Design Scotland are described below. They have been applied consistently in dealing with items that are considered material to the Accounts.

a. Basis of Accounting

These Accounts have been prepared under the historical cost convention.

In common with similar public bodies, the future of Architecture and Design Scotland's liabilities will be met by future grant funding to be approved annually by the Scottish Government. The approval of amounts for 2019/20 has already been given and there is no reason to believe that future approvals will not be forthcoming. Accordingly, it is considered appropriate to adopt a going concern basis for the preparation of these Accounts.

b. Accounting Standards Issued, Not Yet Adopted

Architecture & Design Scotland disclose accounting standards not yet applied and assesses the possible impact that initial application would have on the financial statements. There is one standard not yet effective that will have an impact on Architecture & Design Scotland's Accounts which is IFRS 16 - Leases. This standard requires all significant leases to be recognised in the Statement of Financial Position.

IFRS 16 – Leases: It is expected that this standard will be adopted by the FReM with effect from 1 April 2020. Initial assessment of the new standard on leases indicates that Architecture and Design Scotland's significant leases relate to property. We expect that there will be a requirement to recognise in the Statement of Financial Position, a liability for future lease payment commitments.

c. Income and Expenditure

Income represents other income, principally comprising income from work performed during the year.

Income is recognised in the period to which it relates and when expenditure associated with that income has been incurred by the company. The majority of operating expenditure is shown gross of VAT as the company is not able to recover VAT on expenditure incurred in relation to Grant in Aid projects.

d. Taxation

As an Executive NDPB sponsored directly by the Scottish Government, the Directors are of the opinion that the company's activities do not constitute a trade for Corporation Tax purposes and therefore consider that the company will not be subject to Corporation Tax.

e. Furniture, Fittings and Computer Equipment

Furniture, fittings and computer equipment are stated at cost less accumulated depreciation. The minimum level of capitalisation for a non-current asset is £5,000. Cost includes expenditure that is directly attributable to the acquisition of the asset.

**ARCHITECTURE AND DESIGN SCOTLAND
COMPANY LIMITED BY GUARANTEE**

ANNUAL ACCOUNTS

YEAR ENDED 31 MARCH 2019

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying value of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

f. Trade and Other Receivables

Trade and other receivables are initially recognised at their cost when the contractual right to receive cash or another financial asset from another entity is established. A provision for impairment of trade receivables is established when there is objective evidence that the company may not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is recognised in the income statement immediately. Subsequent to initial recognition, receivables are stated at cost less provision for impairment.

g. Cash and Cash Equivalents

Cash and cash equivalents include bank deposits with commercial banks and cash in hand.

h. Trade and Other Payables

Trade and other payables are stated at cost which is the fair value of the consideration to be paid in the future for goods and services received.

i. Grants Received

Grant in Aid received to cover general operating activities is shown as Grant in Aid transfer and credited directly to the Comprehensive Net Expenditure Reserve.

j. Pensions

Employees of the company are covered by the provisions of the Principal Civil Service Pension Scheme which are described in the Remuneration and Staff Report on pages 22 to 28. Full superannuation costs are an expense of the company at rates determined by HM Treasury.

k. Financial Instruments

Financial instruments include cash and bank balances, receivables and payables. Financial instruments are recognised in the statement of financial position when the company has become a party to the contractual provisions of the instrument.

l. Leases

The company has no finance lease commitments.

Rentals payable in respect of operating leases are charged to the income statement on a straight line basis over the term of the lease – these are detailed under Note 10.

m. Provisions

The company recognises provisions when: the company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resource will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using the discount rate prescribed by HM Treasury.

ANNUAL ACCOUNTS

YEAR ENDED 31 MARCH 2019

Provision for the costs of dilapidations on the expiry of premises' leases, which are of uncertain timing or amount at the balance sheet date, are provided on the basis of the best estimate using independent professional assessments.

n. Reserves

The General Reserve represents the excess of income over expenditure on Grant in Aid funded activities, after adjusting for accruals and prepayments.

2. Prior Year Adjustments

The Accounts have been restated to show Grant in Aid as a transfer to reserves as the Government Financial Reporting Manual instructs that Grant in Aid goes directly to the Comprehensive Net Expenditure Reserve in the Statement of Financial Position, as financing.

	Audited Accounts 2017/18	Adjustment	Restated Amount 2017/18
	£	£	£
2017/18 Statement Comprehensive Net Expenditure			
Revenue	1,868,846	-1,772,000	96,846
Costs	-1,798,688	-	-1,798,688
Net Expenditure	70,158	-1,772,000	-1,701,842

Transfer of Grant in Aid to Reserves Policy change – as a result of the change in the transfer of Grant in Aid to Reserves Policy, the balances on the Statement of Comprehensive Net Expenditure have been adjusted as shown in the table above.

The impact of the adjustments to the prior period is that Net Expenditure has moved from a surplus of £70,158 to a deficit of £1,701,842.

The impact of these financial adjustments on the surplus at 31 March 2018 has been processed through the Statement of Cash Flows and the Statement of Changes in Taxpayers' Equity.

The dilapidations provision relates to the costs, over the period of the lease, to return leased premises to their original condition, per the lease agreement and other legal costs.

12. Financial Instruments

The company's activities and the way government bodies are funded means that Architecture and Design Scotland is not exposed to the degree of financial risk faced by other non-public sector bodies.

Accordingly, the company makes little use of financial instruments other than an operational bank account and so its exposure to price risk, credit risk, liquidity risk and cash flow risk is minimal.

13. Contingent Liabilities

At 31 March 2019 there were no contingent liabilities.

14. Related Party Transactions

During the year, Grant in Aid of £1,760,490 (2017/18: £1,772,000) was granted by the Scottish Ministers to Architecture and Design Scotland. The Scottish Ministers are the sole member of the company.

All related party transactions are conducted on an arm's length basis.

There were no other related party transactions during the year.
